RELIGION FOR STUDENTS

Some Students, for one reason or another, regard religion as an unimportant subject. The cause of this may be their inability to reconcile some of the claims of Science and the Church. With others it may be that the aims presented have not stirred their feelings to action.

Religion is important to the student. It is the best possession of the strongest and most useful men in the community. It is not something in which only women and children can share. Make sure your college course gives you more than strength of intellect or physique. Men of Character are needed to-day more than ever.

Owing to the great advances which have recently been made in our knowledge of the Bible and of the World of Nature a flood of new light has been thrown on many Religious questions. Many old opinions are now considered from new viewpoints.

There is a Religion for you — that will interest and grip you as one with a life to use. You will gain much by investigating.

McGILL GLEE CLUB HAS BEEN REORGANIZED

Mr. Harold Key to Be Director
OUTLOOK BRIGHT.
First Practice to be Held On Monday.

Those about College who are interested in things musical and harmonious will be delighted to hear that the McGill Glee Club has been started.

The first meeting took place in Strathcona Hall last evening at 5.15. It was rather unfortunate that this hour coincided with the meetings of the Athletic and other Associations, which had the effect of reducing the number of members present.

However, none of these meetings could detract from the enthusiasm and determination which was displayed by all present, who want to see the Glee Club take its place amongst the various student activities.

When the meeting opened Mr. Harold Eustace Key, organist of Emmanuel Church, and a lecturer in the Faculty of Music, spoke to the members. He emphasized the necessity for a Glee Club in every University, and clearly stated that a minstrel show or the mere singing of a few popular songs, did not constitute a Glee Club in the proper sense. He pointed out the difficulties which would have to be faced, showing that it would mean a bit of effort on the part of its members, in order to reach anything like a satisfactory standard, which he said can be done here, as elsewhere.

Election of officers then took place, and the following were appointed: President—Mr. R. E. Crawford. Vice-Pres.—Mr. F. J. Toole. Sec.—Mr. R. Moore.

Reporter—Mr. R. H. LeMessurier. It was unanimously and enthusiastically agreed to request Prof. Reilly, of the Department of Physics, to accept the position of Hon. President.

The Club has been very fortunate indeed in securing Mr. H. A. Key, as conductor. Mr. Key has already made his mark in College circles by his splendidly efficient training of an orchestra and choir, which was to have taken part in the Pageant two weeks ago. Those who practised under Mr. Key's direction then, realize how capable he is in this respect, how hopeful and encouraging he is in his timely criticism, and how determined he is to make everything he undertakes succeed in all its objects. Mr. Key has already made himself popular with the choir and those who missed his magnetic leadership there should make every effort to enjoy it.

(Continued on Page Two)

THE LIT. ANNOUNCE THEIR PROGRAMME

Mock Parliament to be Resumed This Session.

With the first rush of the new session over, and a general stability of conditions returning to our University Life the Literary and Debating Society are planning a programme which it is hoped will give as many as possible an opportunity for public speaking.

At a recent meeting of the Intercollegiate Union Debating League, a new system was evolved for holding debates. The triangular system of debates will be in force this year and it is the aim of this body to encourage as many universities as possible to enter into the League.

This year McGill will have two teams debating on the same night and on the same subject, the home team upholding the affirmative against Queen's and the visiting team defending the negative in Toronto. A system of points will be used to decide the championship of the league. With the object of securing the best possible material to represent McGill in these debates the "Lit." is holding a series of debates. The first debate will take place on November 2nd and all those desirous of obtaining positions on these teams will be given an opportunity to speak on this occasion.

The mock parliament will hold its first session on November 16th and preparations are now under way for the formation of the parties; platforms and personnel will be announced in the Daily in a few days. The Mock parliament will be held also for the purpose of uncovering material for the debates and as many as possible are urged to be prepared to speak on various questions which will receive the attention of the house. Due to other engagements, a dinner which was to have been held by the "Lit." to inaugurate the season, has been cancelled.

WHAT'S ON

TO-DAY.

12.00—Arts '25 Baseball Practice on East Campus.
2.00—Arts and Law Rugby Practice.
2.15—R.V.C. Sport Eliminations.
4.00—Science Football, Old Campus.
4.00—Interfaculty Harriers and eliminations, Stadium.
5.00—R.V.C. Student Volunteers & 5.00—Fencers, Union.
5.00 & 6.00—Wrestling Practice, the Union.
5.00—E. T. Club, The Hall.
6.00—Med. '23 & Comm. '22, Baseball, High School Gym.
7.00—Student Volunteers, Room B, the Hall.
8.00—Western Club Re-union, Union.
8.00—Conversat, The Hall.

COMING.

Thursday, October 27.
Elections for Faculty Representatives to Union House Committee.
Saturday, October 29.
R.V.C. Sports and the Dansant.
Rugger—Varsity vs. McGill.
R.M.C. vs. McGill seconds.
Saturday, Nov. 5th.
Syracuse vs. McGill.

CONVERSAT. PLANS ARE COMPLETED

Many Expected at Hall To-night.

GOOD MUSIC.

Prof. and Mrs. MacKay to be Host and Hostess.

Tonight at eight o'clock in Strathcona Hall the first great annual event of McGill's social life will take place in the form of the far-famed and once-attended-never-to-be-forgotten Conversat. This function is held annually with the purpose of giving all the men students of McGill an opportunity of meeting R.V.C.-ettes and Physical Eds and vice versa. In the past years the Hall has always been crowded to capacity and the well known sign, S. R. O., or its equivalent, is nearly always hung out long before the scheduled time for the opening of the show. Freshmen crowd the halls, the lobbies and every available nook and cranny and their faces, though in many cases showing signs of nervousness and bashfulness, shine nevertheless with a marvellous light of expectancy and they await with an air of breathlessness the arrival of the fair sex. The Sophs are always there, eager to make new acquaintances or to renew old ones and in spite of all that is said there is also an excellent representation of Juniors and Seniors. At last the great hour arrives and all of a sudden there is a great influx of girls—they never come one by one—and the fun is well under way. The sterner sex wend their way hither and thither towards the sprightly damsels, with whom they wish to make their acquaintances and after the Conversat cards, similar to a dance programme, are filled out, the remainder of the evening is spent in conversation with the chosen ones.

The Conversat-to-night promises to be as great a success as ever. Careful plans are being made by the committee in charge and the services of the Mandolin Club have been secured for the evening. The Hall itself has been delightfully decorated in a color scheme of red and white and delicious refreshments are promised to all those who attend. However it must be remembered that every man in attendance shall only receive one supper with one fair partner. Attempts to do otherwise have been recorded in the annals of recent years, but the committee in charge have full knowledge of these incidents and any one attempting to commit this unforgivable crime will find himself quickly frustrated unless he has the latent powers of a Raffles or the cunning of a Lupin.

The girls are taking an enthusiastic part in order that all shall be in preparation by eight o'clock tonight and a record attendance of co-eds is predicted. This fact alone is sufficient to ensure a wonderfully successful evening. Professor MacKay, of the Law Faculty, and Mrs. MacKay will be the host and hostess and this is another fact that is sure to add to the delight of the evening's entertainment.

Here then is an opportunity to make new and undoubtedly delightful acquaintances and the S. C. A. extend the most cordial of invitations to all who wish to avail themselves of this opportunity. All are reminded that they should arrive early as the first whistle blows at eight o'clock.

SUCCESSFUL MEETING OF ATH. ASSOC.

Many Important Matters of Interest Discussed.

LARGE TURNOUT.

Tennis Championship Between Toronto and McGill This Week

The regular meeting of the Athletic Association was held in the Union yesterday at 5.15 P.M. president Hamilton presiding.

The meeting was open to the student body due to the number of men, former students and new-comers, being uncertain of the administration, rules and economies of the various departments. This plan was inaugurated for the benefit of these men in order that the future interest of all concerned might prove of value. Discussion on the different subjects were invited but on final vote was restricted to members only.

The presidents of the respective athletic clubs were present many new matters being brought forward for discussion. Secretary Stevens read the minutes of the last meeting and these were adopted.

The matter of Solomon, Law '22 was again brought forward no satisfactory conclusion resulting from the last meeting. Through some mistake he was granted a small M although not entitled to it. The rules laid down for obtaining this letter indicate that every player must be medically examined or he is not eligible to receive this letter. Much discussion arose from this fact it being brought before the notice of the association that serious trouble resulted from this. Notices to the effect that all men must be examined were repeatedly posted and penalties for evasion of this also included. These notices have seemingly been ignored. It was also pointed out to the presidents of the various clubs that negligence in handling of the cards also created trouble. As a result of the discussion it was pointed out that the ultimate decision lay with the association and a motion was passed for the cancellation of Solomon's M allowing him to continue in athletics following a physical examination.

The matter of Eligibility forms was brought forward. Trouble has arisen lately this however lying with the clubs concerned. Slight foresight on the part of those in charge is needed in order that the forms may be in on time thus preventing more trouble.

A letter from Otronto university to McGill was read stating that certain evidence of good fellowship has not been what it could have been. A restor-

(Continued on Page Two)

THE WESTERN CLUB RESUMES MEETINGS

Opening Address by Sir Arthur Currie

Great is the power of friendship, mighty the influence of fraternalism but the greatest force that can exist in any university, society or country is the mutual understanding and hearty co-operation of educated and cultured men who have a dominating purpose in life, to serve the country in which they live.

On this principle the Western Club was founded some years ago. The future success of the club depends as strongly on friendship, fraternalism, and mutual understanding today as it has at any time in the past.

Tonight at eight o'clock in the Union every student of McGill who hails from Western Canada is expected to show his interest by being present. We are highly honoured by having as our Speaker Sir Arthur Currie our Principal. Every westerner who prides himself in his club and in the able men from his own part of Canada will not fail to grasp this rare opportunity of hearing and meeting our Principal.

The program of the evening will take the form of music songs, smokes, and sandwiches. A five piece orchestra made up of high class talent will provide a rare treat for all.

Every newcomer from the West is cordially invited to be present. Every old member is asked to extend to every stranger that hand of fellowship which marked the days of pioneer life on the Canadian frontier. Let every Westerner rally to the call and make our club the biggest liveliest and most valuable organization in our university let all depend on your presence and cooperation. Mister Reader, 8 o'clock at Union. The President.

We do not mind having the law prosecute the wine-sellers as long as they leave the wine-cellars alone.

Air-Peds
Trade Mark
Save Your Shoes

Why buy THREE pairs of Shoes, when ONE pair equipped with Air-Peds will wear longer?

AIR-PEDS are a big improvement on the rubber heel principle. With Air-Peds your leather soles and heels never come into contact with the ground. This means that your shoes will last as long as the uppers hold together. But that's not all—Air-Peds cushion the roads—make walking much easier and less tiring. And no matter how wet the pavement or slippery the floor you can't slip when the non-skid Air-Peds are on your shoes.

THE PIONEER CANADIAN PRODUCT

Two dollars a set at any shoe store or repairman. If you can't get them locally, send a tracing of your shoe, color (black or tan), name of your dealer and two dollars, and we will mail them to you direct. Quickly attached.

SENIOR SQUAD TOOK IT EASY YESTERDAY

Shag Has Good Material to Choose From.

FLANAGAN BACK AGAIN.

Many McGill Rooters Will Travel to Toronto To View Game.

The Seniors lined up for a light practice to-day, and Shag spent the greater part of his time in perfecting the working of the trick plays and shifting his wing.

As was predicted not long ago, Bones Little was moved from flying wing to outside wing, where his speed is bound to give the team added strength. Flanagan was out, and was played on the half line, and though a little unfamiliar with the signals, he seemed to show no ill-effects of his recent injury. Shag is going to be a very worried man during the next few days, because he has an over-abundance of good material, and it will be very difficult to pick the right man.

Jeff Russell was kept on the side lines, but will probably be put into action tomorrow in place of Gordie Murphy if left outside, who looks to be the likely choice for the middle berth in place of Lozier. With Murphy at middle the team will gain strength in line plunging, and will lose nothing in speed at outside, with Russell looking after that difficult position.

An interested spectator at yesterday's work-out was an alumnus from Syracuse who seemed to be very enthusiastic over the coming International struggle and predicted an overwhelming turn out on Nov. 5th.

Indications are pointing to a large excursion to Toronto for the game on Saturday and if the railway officials can be persuaded to rent some of their cattle cars then probably the biggest crowd that ever accompanied a team from McGill will journey to the Queen City to support the Shagmen in the crucial game of the season.

Reports from Toronto state that Jack Maynard is quietly working and that he will send his team on to the field for the great game in the pink of condition. Toronto has a strong, shifty and brainy outfit but it will need all its strength and wit in order to outwit the team that Shaughnessy is gradually moulding to perfection.

MANY PLANS FOR GOING TO TORONTO

Arrangements May Enable Many Men to See Game.

The boys at McGill are bound that they will get to the game at Toronto if they have to walk there. There have been a multitude of plans conceived for seeing the match without expending the amount of cash that the railway companies say is necessary. Most of them have fallen through when they were pressed to a conclusion but the students will not give up hope and new ways are tried.

At the present time the system of forming pools to send men seems to be the most popular and the most practicable but they do not satisfy the mass of students who are determined to be present when the Red and White outfit makes Toronto sit up and take notice on Saturday.

One recent graduate telephoned yesterday, on hearing of the suggested plan of securing boxcars, to say that he would go up in a wheelbarrow if he could make it. His sentiment is that of a great many of the students and it will take a lot to hold them back.

There is a definite arrangement going forward with several prominent students behind it and it is just possible that many of the men with little money and lots of enthusiasm may yet be given a chance to get up. The men who are working to have a large delegation on hand promise to have some definite announcement about the success of their arrangements in the near future.

Whether or not the plan goes through it is definite that the number of men from Montreal at the game will number well into the hundreds. When these join with the large gathering of McGill graduates who are in Toronto the rooters from the home team will have a great amount of competition in the yelling when the games gets started.

"See that old man over there? When he was in his prime I believe he kicked every man in this town."
"He doesn't look like a fighter."
"He wasn't. He used to teach school."
—Widow.

One of the lit frosh wrote his own excuses for absence from class, for as he said, who could know better when he was sick.
—Michigan Daily.

Carl: "So Davy told Edna he'd gladly die for her?"
Irl: "Yes but the old bluff didn't work. She told him she'd gladly let him die."
—Wyoming Student.

LAST MCGILL HARRIER RACE IS TO-DAY

Interfaculty Race at 4 P.M. From Stadium.

MANY ENTER.

First Twelve Men to Enter Road Race—Keen Competition.

Yesterday the executive of the Harrier Club met to complete the plans for the big meets which are being staged this week. The first of these comes to-day when the inter-faculty race starts from the Stadium sharp at 4 p.m.

The course for this event will be practically the same as that of last year. It will be over a 5½ mile course. The route starts at the stadium, goes up Pine Avenue to Peel Street serpentine, up the Serpentine to the Mountain road. From this point the men run westward, passing the old Park Slide, and the Mountain Ranger's house, to the cross roads. Turning around the sign post there, the race will be over the same ground. The Harriers will follow the road as far as Fletcher's Field, and will pass down Park Avenue to Pine; leaving Pine Avenue the racers enter the Stadium where the finishers will find the end of their work.

The first six finishers will be the first team from McGill, they will be entered in the Dunlop Road Race on Saturday. The next six men will also be put in the Dunlop event as the second team. This decision was arrived at to-day as it seems an excellent plan to encourage the men and an help to the track men who have not had much time to get into condition for the Harrier work.

This plan will give a man a double chance to make the Intercollegiate team. The first six McGill men to finish Saturday's race will be sent to Kingston with the executive's consent.

The Dunlop Road Race is open to all amateur clubs in Quebec and eastern Ontario. To-date many fine teams have been entered. The possibility of "Varsity" putting in a team is very good so that the importance of it rivals that of the intercollegiate meet to be at Kingston on Nov. 4th.

Any men who would care to act as markers for to-day's event are asked to be at the Stadium not later than 3.45 p.m.

This is the climax of the Harrier season at McGill and it is expected that the various faculties will turn out in force to support their respective runners.

PHYS. EDUC. DEPT. START ACTIVITIES

Undergrads. Elect Their Officers for Ensuing Year

The activities of the School of Physical Education are now in full swing. The session opened on Sept. 20th, and the officers, elected at an early date, are as follows:

Undergraduate Society of the M. S. P. E.

Pres.—M. Reynolds.
Vice-Pres.—S. MacDermott.
Sec.—Treas.—D. Burrell.
Athletic Manager—J. Collins

Year II.

Pres.—J. Collins.
Sec.—Treas.—I. Munro.
Head Monitor—E. Heathcote.
"Daily" Reporter—E. Heathcote.

Year I.

Pres.—C. Coll.
Sec.—Treas.—L. Stone.
Swimming Manager—F. Gardener.
N.B.—Lacrosse and hockey managers are to be elected at a later date.

"Daily" Reporter—E. Lawford.
S.C.A. Representative—G. Newmark.

The Hostel Executive.

Hon. Pres.—Miss Smellie.
House Pres.—I. Munro.
Sec.—Treas.—C. Call.
House Committee — E. Nally, F. Douglas.

On October 6th the freshettes of the school were officially initiated at the hostel and are now known as Year I.

Early in the session tennis was played on the R.V.C. courts, and a doubles tournament was run off. Basketball and lacrosse have now taken its place. Swimming continues to date.

On October 19th the students of the school turned out en masse to see Pavlova, and her Ballet Russe at the St. Denis Theatre, a special half-holiday being granted for the occasion.

AND WE THOUGHT ALL THE TIME WE WERE BURNING COAL. Half billion feet of lumber used annually in anthracite mines—Anthracite General Policies Co. ad.

Marquette Tribune.

"Are you a mind reader?"
"Yes."
"Can you read my mind?"
"Yes."
"Well, why don't you go there?"
Prof: It has been truthfully remarked that "a little learning is a dangerous thing."
Soph (sotto voce) I wonder if the Prof. realizes the peril he's in.

COMMERCE '23 WIN OPENING BALL GAME

Med. '24 Beaten by Score of 15 to 8

Commerce '23 sent Medicine down to defeat last night by the merry tune of fifteen to eight in the opening game of the Interclass Indoor Baseball League. The brand of ball was very good, both teams having some hard hitters but the superior pitching of McCullough for Commerce gave them a decided advantage over the Meds. McCullough has pitched for McGill teams in the past and last night he gave an exhibition of fast pitching that confused his opponents. The Med. team was also short one man and played throughout the whole game with an eight man team, this being another fact which was not to their advantage.

The game started with the Meds at bat but in the first inning they failed to score. Commerce, on the other hand, drew the first blood of the season by getting two men across the home plate. In the second inning the Meds showed a slight improvement and chalked up two runs to their credit. This however was the only time they were ahead during the whole game for the Commerce men, by dint of terrific hitting, tallied nine times during the inning. In the third inning both the teams ran about even, four runs going to the doctors-to-be and three to the budding commercialists. Commerce tallied one in the fourth and the Meds one in the fifth and this brought the scoring to a close.

The line up was as follows:

Med. '24: Maurice, Zink, Pope, White, MacLaughlin, Eager, Elvidge, Roche.
Commerce '23: Campbell, McCullough, Bonavitzky, Connor, Chamberlain, Gauthier, Magid, Buzzel, Martin.

Batteries: Eager and Zink, Maurice; McCullough, Campbell.

R. B. Henry refereed the game in an efficient manner to the satisfaction of both teams. Henry, who is the President of the Indoor Baseball Club, has spent a lot of time and energy organizing the league and the hours for the games and the existence of organized indoor baseball at McGill is largely due to his efforts. Judging by last night's game the league has a rosy and successful future in store.

DR. CHAPMAN GAVE TALK TO MEDICOS.

Great Faculty Spirit Displayed by Undergrads.

Last night's meeting of the Medical Undergraduates Society augurs well for the coming year. In point of members, it was the largest attendance on record, over 325 being present. The presence of the ladies was noted with great pleasure, as in the past, the women undergraduates have been conspicuous by their absence.

At 8.15, President Stenson called the meeting to order, and in a few well chosen words, welcomed the upper year men back, and the freshmen to the society. The minutes of the Annual meeting were then read and approved of.

New business was next dealt with. Mr. Koler was elected as chairman of the Dinner Committee and Mr. Quackenbush to the Reading Room Committee.

Upon the arrival of Dr. Chipman, the Honorary President, further business was dispensed with, and Mr. Stenson introduced him to the meeting, as the professors who holds his lectures at 8.30 never takes attendances and always has a full class. Dr. Chipman took for the subject of his address "The History of Gynaecology and Obstetrics". He spoke first to the younger students who might be wondering why certain subjects were taught, and explained to them that the entire curriculum was one complete unit. He then traced very clearly and— an interesting way, the course of these two very important branches of medicine. He told how on the 13th of December, 1809, the first operation was performed by McGill for the removal of a cystic ovary, and later the surgeon had been stoned and shot at, for attempting such a thing. When one considers the blessing to women that followed as a result of this operation, one can hardly realize that just over one hundred years ago this operation was first performed. General anaesthesia was unknown, and the difficulties that attended abdominal operations as these, can best be realized by the fact that during the 40 years following only thirty six operations were attempted. Then, when in 1846, Morton gave to the world his Ether anaesthetic, which sounded the deathknell of pain, rapid strides were made in abdominal surgery. The speaker then emphasized the debt the world owes to Sims, who opened his women's Hospital in New York in 1855, and there performed his first operations in plastic surgery. In closing he referred to the great studies of medicine during the last 500 years.

There had been the British revival, the French, and then the German. Then came the war, and we now stand on the threshold of a great America advance. At the conclusion, after prolonged applause, Mr. Mills, in a fitting manner, moved a vote of thanks to Professor Chipman for his most interesting lecture. The motion was seconded by Mr. Gordon.

Light refreshments were then served, and the meeting broke up, with the feeling that this had been the best meeting the undergraduates had ever enjoyed.

We invite you to take advantage of our saving prices and make our stores your headquarters for all your requirements.

ENGLISH RUGGER PRACTICE TO-DAY

Toronto Team Comes Here on Saturday.

In preparation for Saturday's game with Varsity, the Rugger squad had a good work-out on the Old Campus yesterday. Two teams were picked, and a good game played under the eye of Coach Matthews. Great improvement was shown by men in all departments of the game. The club is brimming over with enthusiasm and optimism over the chances to win Saturday's Intercollegiate match.

To-day, on the Old Campus, at 3.30, another practice game will be played. The following men are urged to turn out as promptly as possible.

A. Team. Full back. B. Team Bradshaw

Three quarters.

Marpole Solloway
Manson Anglin
Beardsley Day
McDougall Tucker

Halves.
F. McIntosh Cooper
Kemp Peacock
C. A. McIntosh

Forwards.

Cleland Lochhead
Budden Mitchell
Wetmore Cartwright
Patterson Robinson
Wilson Brown
McLean McGoun
Rankin Blundell
Shore Branch

In addition to the above men, any players who were out yesterday or any others who can turn out are requested to do so.

Men who turned out consistently to these practices will be given credit for lectures occurring after 4 p.m.

THEOLOGS. START SOCCER LEAGUE

Presbyterians Played Wesleyans Yesterday Morning.

The opening game of the Inter-Theological Soccer Football League was tagged on the old campus, at 7.00 a.m., yesterday. From the kick off the game was an interesting one; both goals being threatened at different intervals. The Presbyterians however, grew tired of making threats and set about to make goals. Harris of the Presbyterian started by scoring the first goal of the game. This point however was soon tied by the Wesleyans who succeeded in getting past Britton the star defence for the Presbyterians. The Wesleyans worked hard to get the lead in the game but were prevented from doing so by the goal kicking of Britton and the combination of the Presbyterians forward line who carried the ball up the field passing it to Harris who scored the second goal.

During the second half of the game Davies and Sawkrogers of the Wesleyans worked hard to rally their men together and tie the score, but saw that their attempts were futile when McPhail succeeded in scoring the third goal for the "P. C."

The Wesleyans have a much stronger aggregation than last year and play a much better game, and with more practice and combination should make a good showing in the league. The Presbyterians were unfortunate in not having Hall and Clark on their line up, but due to the excellent foot work of Britton, Harris, McPhail and Robb the game ended with the final score of 3-1 in favor of the Presbyterian.

The game was satisfactorily refereed by R. Smith of the Congregation College.

SPECIAL NOTICE

We can offer very good profits to a few McGill students who can use their spare time very advantageously between now and Christmas by introducing our Gold Seal private greeting cards to fellow students.

Gold Seal cards are very high class, exceedingly popular and sell practically on sight. We are making a specialty by putting the McGill Crest on same, so this is an attractive proposition.

Call and see these samples and get our book.

SWIMMING CLUB HAVE GOOD WORKOUT

The Swimming Club met yesterday at 5.15 p.m. for a good workout under the direction of Coach Vernot. The members of the club who participated in the game with Maisonneuve did not seem to be any the worse after the hard struggle. Though the team suffered defeat neither the men nor the coach, are in any way disheartened. At yesterday's work out Coach Vernot started his course of training for the National Meet to be held on the 15th of November, also for the M. A. A. Canadian Championship to be held in Nov. 25 and 26th in the M. A. A. tank.

The prospects of the Swimming Club are bright, and before any Intercollegiate events come off the teams will be in good working condition.

NOTICES

PHYSICAL EXAMINATION.

Men playing football are reminded of the rule of physical examination. If not previously attended to this season, please get in touch with the Physical Department without delay.

ARTS '25.

Will all those who signed the list for Indoor Baseball as well as all others interested, turn out for a practice on East Campus, 12-1, to-day.

FENCING CLUB.

All fencers are particularly requested to turn out this afternoon at the Union at 5 p.m., to help move the equipment to its new quarters. After this has been done new men may hand in their names to the representative. The first regular practice will be held to-morrow in the Diocesan College gym. from 5 to 6 p.m. The gym will be open until 7 p.m. to allow time for showers. Bring your own towels and soap. All up to-night, Union, 5 p.m.

WRESTLERS.

There will be a wrestling practice at 5 p.m. to-day for the novices, and at 6 p.m. the advanced class will meet.

STUDENT BAND.

There will be a meeting of the Student Volunteer Band in Room B, Strathcona Hall, to-night, at 7 p.m. All those interested in missions are invited to be present.

SCIENCE FOOTBALL.

There will be a practice at 4 p.m. to-day on the Old Campus. Everybody out for the work-out.

E. T. CLUB.

A re-union of all E. T. men will be held to-day at Strathcona Hall at 5.15 p.m. Everybody turn out. All new-comers are cordially invited. Free smokes. There will be elections and most important questions will be discussed. Don't forget—The Hall, Room "B," at 5.15 p.m.

ARTS & LAW PRACTICE.

There will be a football practice for Arts and Law on the Old Campus at 2 o'clock. The following men and others interested in seeing a strong team oppose Science are urged to turn out:

McDiarmid, Elliott, Ogilvie, Gardner, Hampson, Lidstone, Cousins, L. K. Webster, Anderson, C. Anderson, D. Pierce, Hall, Chave, G. Webster, Falconer, Gaboury, Stone, Davis, Reid, Blundell and Harris.

UNION HOUSE COMMITTEE.

The election for Faculty members to the Union House Committee will be held in the respective faculties on Thursday, Oct. 27.

VARSITY—MCGILL GAME.

A limited amount of reserved seats for the Varsity—McGill game in Toronto are expected shortly. Students desiring these will leave their names at the Secretary's office, and a further notice will appear when these will be sold.

MUSICAL SOCIETIES.

The following students have been appointed by the Student's Council to constitute a committee to deal with the organization of musical societies at McGill:

P. Hall, chairman; D. J. Toole, C. H. Fraser, E. Crawford, K. Lebaron, E. Sherrard.

PLAYERS.

Will the following players please call at the Secretary's office immediately to complete their Intercollegiate forms:

S. L. Mitchell, G. L. Marley, L. J. Adams, S. C. Harris, R. E. Elderkin, Howell, Brown, A. Fraser.

PHILOSOPHICAL SOCIETY.

The first meeting of the Philosophical Society will be held on Thursday at 4.30, in the Smoking Room of the Arts Building. The purpose of the meeting is to elect officers and to discuss plans for this year.

R. V. C. 3rd AND 4th YEAR. Physical Education Department for Women.

Tenth and Fourth Years, please note—The Strathcona Trust Course in Physical Education (for certificate B) will be held at the following hours:

Monday, at 4 p.m.—for Fourth year only.
Tuesday, at 3 p.m.—for Fourth and Third Years.

Friday, at 3 p.m.—for Fourth and Third Years.

As forty-five hours' work is required in this course, students in Fourth Year will have to attend three periods per week. The above hours suit all who have registered for this course, with the exception of a few students. These latter can perhaps re-arrange their time-tables.

This course begins on Friday next, the 28th inst., at 3 p.m.

Sgt. E. M. CARTWRIGHT, Physical Director for Women.

R. V. C. THE DANCANT.

Tickets for the R. V. C. Sports and The Dancant, to be held on Saturday afternoon, Oct. 29th, are on sale at the Union and Strathcona Hall, or may be obtained from R. V. C. students. They are 75 cents for single tickets.

HELP A LITTLE!

The "Daily" is a publication for all of the students, and all of the students should consider it part of their work to make it the best college paper published. The regular staff does all it can to give the students the news and other articles they want. There are, however, many men and women about the University who can do a great amount to help the paper to become better. Some can write articles and send them in, while other might join the regular staff and cover consignments. Those who do not think that they are capable of doing either of these things can at least send in suggestions about what they like or do not like in the paper. Tell us what would be a valuable addition to the paper; it might be a small or big thing, but everything helps.

Every article and suggestion sent in may not be used, but they will all be welcome. Send in something and send it now.

Drop a note in the box on the office door or leave a note on the Union Notice Board. Help a little!

BOXING PRACTICE HELD LAST NIGHT

Good Turnout at Both the Classes.

Yesterday about seventy men turned out in the novice class and about twenty-five in the advanced class, three in the latter being intercollegiate champions at their weights. Coach Robinson is getting well under way with his classes as all the boxers are enthusiastic over his method of teaching. Men who competed in last year's tournament will do well to come out as soon as possible for the new coach's method of training is altogether different from that of McBriarty.

Considerable promising material is coming forward in the lighter weights but more men are needed in the heavier classes.

The B. W. & F. Executive are arranging a program for inter-class and inter-faculty boxing, and so to make this a success men are urged to turn out immediately, as these bouts will be got underway inside of two weeks.

Boxers who are training now should look around their class and try to persuade any likely looking material to start and get in shape to represent his year in these events. Faculty representatives will be appointed shortly to facilitate these events in their respective faculties.

A series of smokers will be arranged for the inter-class and inter-faculty eliminations for which a definite announcement will be given later. McGill only lost the assault-at-arms last year by two points, and are out to win it this time.

DINNA BELIEVE IT

"I'm going out just one night a week this year."
"I get up at six o'clock every morning and go through a bunch of work."
"No thanks. I don't touch it."
"She says she doesn't rouge, nor powder, and it's all her own hair, and—"

The pig is the most wonderful animal in the farm yard because you first kill it and then cure it.

—Marquette Tribune.

MARITIME CLUB.

A smoker will be held for Maritimers on Wednesday, Nov. 2, in the Union.

R.V.C. SPORTS ELIMINATIONS

These will take place this afternoon beginning at 2.15 sharp. It is absolutely necessary that every girl be out on time, as there is a long programme to be gone through. Those who are not on hand for their event will be automatically eliminated.

Full regulation gym suits must be worn by everyone, and each girl must have a sweater—McGill, if possible.

Girls who have a two o'clock lecture, turn out at three o'clock. Also, all girls must know the words of the two verses of "Come Fill Your Glasses Up!"

S. C. A.

A meeting of the Women Student Volunteers and the S. C. A. Mission Class will be held on Wednesday afternoon, October 26th, at 5 o'clock in the R. V. C., Room 106.

All girls interested in Missions are urged to be present. Plans for the year will be discussed. Miss Ethelwyn Holland, Arts '21, and Miss Isobel Millan, Med. '26, are leaders.

R. V. C. '22.

There will be a meeting of the Class of '22 in the R. V. C. Common Room at 1 p.m. Thursday, Oct. 27. Important business is to be discussed, so please all attend.

GLEE CLUB.

The first practice of the above club will be held on Monday, Oct. 31, at 7 p.m., sharp. The exact place will be announced later. Please bring your song books and be prepared for an hour's work. Watch the Daily for future announcements.

PHILOSOPHICAL SOCIETY.

The first meeting of the Philosophical Society will be held on Thursday, at 4.30, in the smoking room of the Arts Building. The purpose of the meeting is to elect officers and to discuss plans for the year.

COMMERCIAL MEN & WOMEN MET TUESDAY

Mr. Dobbin, of F. Nash and Co., Was Speaker for Evening.

STOCK EXCHANGE.

Subject Was Made Interesting and Popular.

Last night at 8.00 the Commercial Society commenced its activities for the session. The turnout was quite good even for a Commerce meeting and was full of the Commerce pep and activity.

Mr. Dobbin of F. Nash & Co. members of the Montreal Stock Exchange gave a very interesting talk on the stock exchange making the fifty minutes seem like fifteen. He made the mysteries of trading stocks seem as simple to his hearers as the commerce students' trade of a skull cap for a nominal price. Briefly his speech was as follows:

The Montreal stock exchange was opened in 1874 owing to a need for a meeting place to buy and sell securities. Mr. H. G. Strathers is one of the few originators still living. The need was accentuated by the need for some guarantee that stocks be bona fide. This need is still present as shown by the sales total of two hundred million dollars worth of worthless stocks which were sold in one year on the north America continent. There are now 77 seats and to gain a seat it is necessary to be proposed by a member and elected after which the seat must be purchased within 7 days. The value is today thirty thousand dollars.

The Rules of the organization provide for minimum charges of interest and commission require statement of business from businesses whose bonds are listed and require non-forgeable bonds.

The operation of the exchange is a simple bidding and accepting of bids by members. Slips of sales are made out and given to ticker operator who transmits the sales reports to tickers all over the city of the amount sold and price. Thence the slips go to the clearing house which handles the exchange of the bonds at the end of the day and settles with the brokers after their sales and purchases have been balanced. This system has recently been adopted by the New York exchange whose system of individual delivering of bonds had become too cumbersome and dangerous owing to hold ups.

The dangers of speculation are mostly in buying on margin and especially in stocks not listed. Buying on margin really consists of purchasing a stock, paying a part of the value and the broker carrying the purchaser for the balance. Selling short is really selling shares that you do not own with the expectation of purchasing later at a lower price.

Loans by banks on stocks are made possible by the stock exchange as they may be informed daily of the value.

Great interest was evidenced by the numerous questions asked the speaker, after which the meeting passed a vote of thanks.

Mr. Sugars the director of the school, Mr. McCullough of the firm of Dale & Co., the ever popular Dr. Viellard and Professor Tait the latest addition to the staff spoke and the meeting resolved itself into a committee on eating cake, coffee and ice cream to the strains of music supplied by several members of the Mandolin club and ended with Hail Alma Mater. God Save the King and the McGill yell with a postscript in the form of a Commerce '23 racket:

Who are we? Who are we?
We are Commerce Twenty three.
